A MILITARY FUNERAL.

Will Be Given Soldier Who Was Drowned Tuesday.

Burlington, July 16 .- The remains left man, of Corporal James D. Cabana, or Cav- | Pearl-Left? probably be baried with military honors from Fort Ethan Allen.

Communication with Boston where his relatives live have failed to result in any reply. The dead man's father is a sea captain now on duty and his mother has probably changed her place of residence.

Corporal Cavanaugh's belongings have been turned over to his troop captain. Cavanaugh, during tercentenary week officiated as one of the stewards at the Elks club in this city.

There are various conflicting reports about the ability of the two men to swim. It was told yesterday that Cavanaugh pulled Wood from the water twice after their boat had tipped over.

TELEPHONE STORIES.

Incidents Made Possible By The Device.

The principle of the telephone has seen known for many conturies, the first idea of it in modern days being explained in a book published in 1600. transmitting sound by means of a distended wire. Wheatstone experimented Red Vross Pharmacy. in 1821, and succeeded in conveying the sounds of a musical box from cellar to attic of his bouse. But it was only twenty years ago-to be exact, February 12,1887—that the first public mes-sage was conveyed by the modern telesage was conveyed by the modern telephone. This was transmitted by its inventor, Urof. Bell, when experimenting
in public for the first time between
Boston and Salam, United States, eightsen miles distant from each other. The
late Mr. Raikes, when Postmuster
Geperal, sent the first public message
ever transmitted through the telephone

Barre, July 14, 1909.

seafler contracted.

M. DEWAR.
WILLIAM McMASTER,
E. S. HALL.

Barre, July 14, 1909. late Mr. Baikes, when Postmoster-General, sent the first public message ever transmitted through the telephone between London and Paris. The measage was spoken on March 18, 1891. The first words transmitted from the English side were the following: "And the Lord said my voice shall traverse continents, islands and seas. Thus have I promised it to My people for-ever." A brief conversation then took prince of Wales to M. Carnot, the french President, and made a speech of congratulation and greeting into the ear of M. Roche, who replied in similar terms, both speeches being in French. It was also Prof. Bell who first showed the telephone to Queen Victoria at Osborns. The inventor subsequently told the story of his visit: "We all stood about a little table upon which was the machine, the Queen opposite, Princess Bestrice on one side and her. The princess Bestrice on one side and her. The care of the most program is a small application of nibrate of social control of the inventor subsequently told the story of his visit: "We all stood about a little table upon which was the machine, the Queen opposite, Princess Bestrice on one side and her. The princess Bestrice on one side and her the princess Bestrice on one side and princess Bestrice on one side and her the princess Bestrice on on

Majesty's weretary on the other. The pecially adapted to top dressing and fall Queen then told her secretary to ask me to explain the telephone. After doing so, Queen Victoria turned to speak These formulas have been approved by to some one and as the connection came the Vermont Experiment Station and I turned suddenly and what do you sup- will be found thoroughly reliable. pose I did! You see, my wife is deaf \_\_\_\_ and I am among deaf people so much that I forget and patted her hand to attract her attention. I did—I really did—the Queen of England and Empress of India! Was she indignant! Oh, no! Of the City of Barre. As she put her ear to the telephone she lamphed. Whether it was the music over the wires or my little action I

horse stealer, was arrested in Tampico, Mexico, a distance of 200 miles from Victoria, the scene of his exploits When the trial drew near the Judg would necessitate a further delay of six months the Mexican government auulted in the prisoner receiving a sentence of ten years penal servitude. In diplomacy too the telephone has more per South Ryegate, Vermant.

POR SALE—Quarry for suice or lease, with or without the plant. Apply or write to E. M. Tupper, South Ryegate, Vermant. than once played a prominent part, as was seen four or five years ago, when it was the means of bringing about a change in the Presidency of Salvador. President Guitteres had a powerful rival in Gen. Regalada, the head of the army, and when the revolution broke out the latter telephoned to the palace demandthan once played a prominent part, as latter telephoned to the palace demanding the President's abdication, as the strange message is not on record, but he left the capital within an hour, nevec distinctly the constant tendency to "What do I estimate the total cost to early in September. Among the exchange the character of iron or steel be?
